She's not my girl and I'm not her man
We just like to fuck each other
She's more like the homie and I'm more like her best
friend
But that's alias for our cover
So when we around each other, so discreet

No one suspects a thing about her and me
We remain secret lovers

So I'm gonna take this one to the grave
No one will ever know
I'll never tell a soul
I will take this one to the grave
No one will ever know
I'll never tell a soul

The idea of us having sex never draw suspicion
Even my girl trust us
Everyone think we have real platonic friendship
No different than a sister and brother
And we both know the passion there lies
When I'm laying between her thighs
It will remain a mystery

So I'm gonna take this one to the grave
No one will ever know
I'll never tell a soul
I will take this one to the grave
No one will ever know
I'll never tell a soul

She's laying on top of me breathing heavy
And she said she start to get jealous
And she know that's not her position
But she don't wanna share me with no one else
Not even my girl, she want me to herself
And she ain't never, ever, ever have it quite like this

So I'm gonna take this one to the grave
No one will ever know

I'll never tell a soul
I will take this one to the grave
No one will ever know
I'll never tell a soul

I will take this one
