Is all my fault, you can do better
This is what you always said to me!
Oh, you ain't man enough, get it together
That's what you always say to me!
I am in the middle of yes and no
I worry to stay or go
It's struggle daily trying to love you boy!
So I do it living by, I do it crashing by
I don't know if this is what I ,

Chorus:

Do we make this goodbye? Is it even worth fighting?
Walk away from love 'cause we're so tired of trying
The love that we've built falling down love,
Do we work it out now? My heart is lost!
So where do we go? Where do we go?
Where do we go from here?
So where do we go?
Where do we go from here?
So where do we go?
Where do we go from here?

Can't get my space, you clean your ,
Is what you always say to me!
You suffocate, I'm barely breathing,
Is what you always say to me!
In the middle of yes and no,
I fight between stay or go
It's a struggle really, to try to love you, girl!

So do we live and learn?
Or do we crash and burn?
I don't know if this is what I want!

Chorus:

Do we make this goodbye? Is it even worth fighting?
Walk away from love 'cause we're so tired of trying
The love that we've built falling down love,
Do we work it out now? My heart is lost!
So where do we go? Where do we go?
Where do we go from here?

So where do we go?
Where do we go from here?
So where do we go?
Where do we go from here?

I'm always the..
I'm always the,
You made me to be the bad guy
You do the same!
But you're not always right,
But I'm not always wrong!
We should fix the problems, we should move on!
