(feat. Lindsay Lohan)

Let me take you on a Lohan holiday
A winter wonderland that's oh so far away
Don't have to go no where - just let your mind escape
Come on a journey to this Lohan holiday

Imagine if you can - a magical Christmas land fictional
journey - a vision so real
A place everybody smiles - wont you come for a while
Lets go in a hurry - come with me you'll see

Imaginations all you really need (lohan holiday)

Let me take you on a Lohan holiday
A winter wonderland that's oh so far away
Don't have to go no where - just let your mind escape
Come on a journey to this Lohan holiday

Such a magical ride - so come on jump inside
A great destination for everyone to see
The wonders in the air cant wait to see you there
Magical moments that you have only dreamed
All you have to do is just believe (lohan holiday)

Let me take you on a Lohan holiday
A winter wonderland that's oh so far away
Don't have to go no where - just let your mind escape

Come on a journey to this Lohan holiday

A Christmas fantasy that's meant for you and me
Where everything you'll ever want is for free just
believe (take you there)

Let me take you on a Lohan holiday
A winter wonderland that's oh so far away
Don't have to go no where - just let your mind escape
Come on a journey to this Lohan holiday
Come let me take you on a Lohan holiday
A winter wonderland that's oh so far away
Don't have to go no where - just let your mind escape

I can take you so far away
