How many times
Do I embrace you
The time of our separation is coming

Like a lost child,
I am afraid

From far away, the sounds of stars fall
This is such a secret night...

No one can become an angel, but
My heart breathes from the sky

Once more I cry in the shadows

Even after you close your eyes,
I'll stay by your side
Forevermore

Once again I return to this place
There is nothing but you, so...

Pain brings nothing but tears
For the sake of loving, I will let them overflow

I know you
More than ever before

When I close my eyes,
Please just hold my hand

Once again I return to this place
There is nothing but you, so...

The fragrance of the green trees on the wind...
We are flowing in it

Time passes by...
The dream passes by...
I will be by your side
Forevermore
