But over in a land that's in my back yard
There's a people who succeed they don't try hard
Well, they've found a way to live with ease
Eating from the bush instead of the tree
Apple bush, apple tree
Path to eternity
Find you a path and you follow the call
Apple bush, apple tree
Back to eternity
Cut you a path with a chance may might fall
Move over in a corner, standing there
Telling my house that they haven't a single care
But my house doesn't worry it's got a path of it's own
And a bush, and a tree
Never leave it alone
Apple Bush, apple tree
Back to eternity
Find you a path and you buy with a car
Apple bush, apple tree
Back to eternity
Cut you a path with a chance may might fall
Someday like my house you're going to chose too
If you cut this new path well the old one will do
If you live with the people who live with ease
The red apple bush, the blue apple tree
