"Deeper"

We must complete the trip
Try not to lose your grip
No sight of solid ground
And never look straight down

Deeper, deeper
Deeper, deeper

Your claustrophobic brain
Sucking you down the drain
The walls are closing in
The air is gettin' thin

The elevator broke
It went right through the floor
It left a burning hole
Down and down and down we go

We're in a deadly spin
Hating this spin we're in
Our helpless panic grows
Down and down and down we go

Daylight is at an end
You'll never see again
You'll soon embrace the sight
Of this cold eternal light

The elevator broke
It went right through the floor
It left a burning hole
Down and down and down we go

We're in a deadly spin
Hating this spin we're in
Our helpless panic grows
Down and down and down we go

The elevator broke
It went right through the floor
It left a burning hole
Down and down and down we go

We're in a deadly spin
Hating this spin we're in
Our helpless panic grows
Down and down and down we go

The elevator broke
It went right through the floor
It left a burning hole
Down and down and down we go

We're in a deadly spin
Hating this spin we're in
Our helpless panic grows
Down and down and down we go
