I know all your desires  
Your heart is so full of pain  
Is there something I can provide?  
When you feel like life's passed you by

I'm on your side  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that

Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that

Please don't ask me my name  
Does it matter I'm just here for you  
Trust me, just let yourself go  
And that's all you need to know

I'm on your side, sincerely  
I'm your only friend  
Yes, I'm on your side  
Sincerely

Don't you wish you had it all?  
Don't you deserve to have it all?  
Kneel down and tell me what you need  
Fame and money all for you  
I can make your every dream come true

Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that

Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that

Tell me whose more important than you?  
You're the apple of my ancient eyes  
How could the world be so cruel  
I'll make you my own precious jewel

I'm on your side, sincerely  
I'm the only one that cares  
Yes, I'm on your side  
Sincerely

Don't you wish you had it all?  
Don't you deserve to have it all?  
Kneel down and tell me what you need

Fame and money all for you  
I can make your every dream come true

There is one thing  
I mean everything has a price  
I really hate to repeat myself  
But nothing's free

Yes, I'm on your side, sincerely  
I'm the only one that cares  
Oh, I'm on your side  
Sincerely

Don't you wish you had it all?  
Don't you deserve to have it all?  
Kneel down and tell me what you need

Don't you deserve to have it all?  
Don't you wish you had it all?  
Don't you deserve to have it all?  
Kneel down and tell me what you need

Fame and money all for you  
I can make your every dream come true

Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that

Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that  
Gimme this, gimme that
