I'm in control, I got a bulletproof soul  
And I'm full of self-esteem  
I invented myself with no one's help  
I'm a prototype supreme

I sit upon my private throne  
And run my lifestyle all alone  
Me, myself and I agree  
We don't need nobody else

I never learned to bow, bend or crawl  
To any known authority  
I really wanna build my statue tall  
That's all

I'm just trying to be God  
I only wanna be God  
I just wanna be God  
Why can't I be God?

I got no time to take advice  
I want to gamble with my eternity with loaded dice  
I don't need a preacher in my face  
When I'm the omnipresent ruler of the human race

Ain't gonna spend my life being no one's fool  
I was born to rock and I was born to rule  
But if I'm wrong on Judgment Day  
I'm royally screwed with hell to pay

I never learned to bow, bend or crawl  
To any known authority  
I really wanna build my statue tall  
That's all

I'm just trying to be God  
I only wanna be God  
I just wanna be God  
Why can't I be God?

I'm just trying to be God  
I only wanna be God

I just wanna be God  
Why can't I be God?

I'm just trying to be God  
I only wanna be God  
I just wanna be God  
Why can't I be God?

I'm just trying to be God  
I only wanna be God  
I just wanna be God  
Why can't I be God?
