What have I got
that makes you want to love me
Is it my body
or someone I might be
or somethin' inside me

You better tell me
Tell me
It's really up to you

Have you got the time to find out
Who I really am

What does it take
to get inside of your mind
Give me a break
and take a chance for the very first time

You better tell me

Tell me
It's really up to you
Have you got the time to find out
Who I really am-aaamm

What have I got
that makes you want to love me
Now is it my body
or someone I might be
or somethin' in side me

You better tell me
Tell me
It's really up to you
Have you got the time to find out
Who I really am
