Black leather gloves and your lipstick shines  
Bright as moonlight glows  
My wildest rose cuts so fine and deep  
It hurts but never shows  
You're bad, you're so hardcore  
Pull me down here on the killing floor

Little by little we cross the line, ohh, ohh  
Little by little the ties that bind, oho, ohh  
Little by little by little by little, ohh, ohh  
Little by little tonight

Your sugar tongue speaks hot and sweet  
Lying just for fun  
Push and shove, sex is sex  
But honey love is love  
Oh, we're not sick insane  
But just another lovers game

Little by little we cross the line, ohh, ohh  
Little by little the ties that bind, oho, ohh  
Little by little by little by little, ohh, ohh  
Little by little tonight

I'm all undone, my pretty one  
Don't slap my face, unless you kiss me

Little by little we cross the line  
Little by little the ties that bind  
Little by little by little by little  
Little by little tonight

I hear you beg and you cry for more  
You pull me down here on the killing floor

Little by little we cross the line, ohh, ohh  
Little by little the ties that bind, oho, ohh  
Little by little by little by little, ohh, ohh  
Little by little tonight

Little by little we cross the line, ohh, ohh  
Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh  
Little by little tonight

Little by little we cross the line, ohh, ohh  
Little by little the ties that bind, oho, ohh  
Little by little by little by little, ohh, ohh  
Little by little tonight
