Out of the blue came a kill-crazy crew  
Whose motto was stomp on the weak  
With bones in their hair  
They was hungry as bears  
And their leader was King of the freaks  
They was... Space Pirates  
The lowest scum of the yellow sun  
They was... Space Pirates  
Sack a galaxy just for fun  
(fire away)  
Well now, out of the blue came this wolf pack who knew  
That the name of the game was to hate  
Perverts and pimps followed one-legged gimps  
They was bow legged bastards of fate  
They was... Space Pirates  
Skulls lie white on the martian sands  
They was... Space Pirates  
Empires ransom in their hands

(people were scared)  
Out of the blue came this mind-blowing zoo  
A collection of mutated crud  
Death on their hips  
There was foam on their lips  
And behind them a shadow of blood  
They was... Space Pirates  
Broken bodies and twisted minds  
They was... Space Pirates  
Screaming nightmares left behind  
Out of the blue came a kill-crazy crew  
Whose motto was stomp on the weak  
Bones in their hair  
They was hungry as bears  
And their leader was King of the freaks  
They was... Space Pirates  
The lowest scum of the yellow sun  
They was... Space Pirates  
Sack a galaxy just for fun
