Hear footsteps creak the floor
The shadows give away
Someone outside the door
Won't let 'em in

Life damaged gears to grind
A run down broke machine
That steals your peace of mind
Before you know it's gone

Lay down
Wait...

Silence burning, hold your tongue
Keep us separate, sullen, dumb
Hiding in the darkness under
Boiling to the surface
Stumble, fall

A looking in view too long on the outside
Desperate plans make sense in a low life
Lie
A looking in view too long on the outside
Desperate plans make sense in a low life
Lie
[Savagely wicked restart]

These things I hate in you
Also reflect it seems
Distortion laced with spite
Takes you out of me

Lay now
Lay...

Hiding in the darkness under
Boiling to the surface, somethin'
Crawling on your skin, discomfort
Makes you break and run
Stumble, fall

A looking in view too long on the outside

Desperate plans make sense in a low life
Lie
A looking in view too long on the outside
Desperate plans make sense in a low life
Lie
It's why you never tell me
Whatever's on your mind

It's why you never tell me
Whatever's on your mind

That's why you never tell me
Whatever's on your mind

That's why you never tell me
Whatever's on your mind

A looking in view too long on the outside
Desperate plans make sense in a low life
Lie

A looking in view too long on the outside
Desperate plans make sense in a low life
Lie

It's why you never tell me
Whatever's on your mind

A vengeful mind...
Oh god ooooooh
Selfish plans, a vengeful mind
It's all gone
Ooooooh
Except for the cross
A vengeful mind just reached inside
