Hear footsteps creak the floor
The shadows give away
Someone outside the door
Won't let 'em in

Half damaged gears to grind
A run down broke machine
That steals your peace of mind
Before you know, it's gone

Lay down
Lay

Silence burning
Hold your tongue
Keep us separate
So they'd know

Hiding in the darkness under
Pulling to the surface
Stumble, fall

A looking in view
Too long on the outside
Desperate plans make sense
And alone I hide

A looking in view
Too long on the outside
Desperate plans make sense
And alone I hide

These things I hate in you
Also reflect it seems
Distortion laced with spite
Takes you out of me

Lay now
Lay

Hiding in the darkness under

Pulling to the surface
Something crawling on your skin
Discomfort
Makes you break and run
Stumble, fall

A looking in view
Too long on the outside
Desperate plans make sense
And alone I hide

A looking in view
Too long on the outside
Desperate plans makes sense
And alone I hide

It's why you never tell me
Whatever's on your mind

It's why you never tell me
Whatever's on your mind

That's why you never tell me
Whatever's on your mind

That's why you never tell me
Whatever's on your mind

A looking in view
Too long on the outside
Desperate plans make sense
And alone I hide

A looking in view
Too long on the outside
Desperate plans make sense
And alone I hide

It's why you never tell me
Whatever's on your mind
