Wasting doubt dwelled in me
Life slipped by wasted teens
Feeling small as I look around
Why can't I cleanse myself?

Fall in, face it, feel it, pray
Weighted what you wanted me to be

Every god lives in me
One who wallows in vain
Are you real?
Do you feel?
Pain

Twirling leech, spinning down below
Wishing for the song to write

Leer at me, I can't see
Am I wrong to be?

(Go)
Fall in, face it, feel it, pray
Weighted what you wanted me to be

Every god lives in me
One who wallows in vain
Are you real?
Do you feel?
Pain

Every god lives in me
One who wallows in vain
Are you real?
Do you feel?
Pain
