The first time I met you  
I thought that my life was complete  
But then I realized in the end  
You were nothin but a cheat

Bridge:  
U took my heart  
And broke it  
I took it back  
And sewed it...

Chorus:  
Cause I am, more than u r  
U showed me life  
And I shoved it back in ur fucking face  
I hate the way that you live ur life  
But oh well, I'm not apart of it , anymore

Maybe, if you wouldn't have done this  
We'd still be complete  
But who cares, I do  
Cause I am better off now

Bridge:

Chorus:

(Guitar Solo)

The first time I met you  
I thought that my life was complete  
But who cares, I do  
Cause I am better off now

Bridge:

Chorus:2x  
...cause I'm not apart...  
I'm not apart...  
I'm, not, apart, of it, anymore...
