Find another way to me
Find another way and make me free
Can you hear my voice so find another way
Oh I cried to you
Please follow me oh follow me
Oh whoooa
Find another way
Find another, another way

Shake it, break it No I can't fake it To another level, can't take it Pressurize and hypnotize And in your mind, realize And move, move No I gotta move Yo, so, watch me groove Beat to the beat Fire and heat Make you jump right outta your seat Gotta jam jam, watch me jam To the beat, yo watch me slam Pumpin' pumpin' looking for something Always question leaving nothing Shake it shake it every day Keeping busy day by day To find, to find another way
