is it for yourself? the way you talk
explanations were never found
and it's so untrue, all you say, when we're alone
i couldn't be like you, i never tried, i never would

change your mind, don't let me down
i'm so sorry, my tears are falling, every time i hear
from you
i'm so angry, my mind tells me, that in the end, there?
s nothing new

i remember things we used to do
you know that just like you, i miss it too, i'm missing
you

change your mind, don't let me down
i'm so sorry, my tears are falling, every time i hear
from you
i'm so angry, my mind tells me, that in the end, there?
s nothing new
