I'm falling in too deep
And I don't wanna breathe

It's so unpredictable
Unlike me not typical
This crazy thing that we've found
Something unconcievable
Uninvited that's for sure
I can't let go of you
I get emotional
You turn me around

It's just the little things you do to me
I keep on falling desperately

I don't wanna breathe tonight
I just wanna keep the moment inside
I don't wanna say that I could let it go
Be here alone
I don't wanna breath tonight
Ever let the darkness find the light
No I don't wanna breathe

I don't wanna breathe

You're something unintentional
Unexpected that's for sure
With you I must confide
Now you're a part of me
I can see perfectly

You're the last one there when no one's around
You're the piece of me I never found
And I don't wanna breathe tonight
I just wanna keep the moment inside
I don't wanna say that I could let it go
Be here alone
I don't wanna breath tonight
Ever let the darkness find the light
No I don't wanna breathe

I don't wanna breathe

But when you hold me
And you touch me
I just can't breathe
Beside you I feel complete

I don't wanna breathe tonight
I just wanna keep the moment inside
I don't wanna say that I could let it go
Be here alone
I don't wanna breathe tonight
Ever let the darkness find the light
No I don't wanna breathe

I've fallen in too deep
I've fallen can't you see
And I don't want to breathe

I've fallen in too deep
I'm falling can't you see
And I don't want to breathe
I don't want to breathe tonight
