sweet fantasy is like a child  
innocent meek and mild  
it's not going anywhere  
sweet fantasy is here not gone  
I'd like for you to turn it on  
you'll answer my prayer

'cos I'd like that  
it makes me feel safe  
and I'll touch the truth  
in your patient embrace  
I'll breathe you in  
I'll like what I taste  
it's me and it's you  
it's me and it's you

you can take a chance like me  
love's a dream you cannot wake from  
you can take a chance like me  
or love's a game you play until you've won

never mind what people say  
this fantasy won't go away  
and I don't want it to  
it's not the sun but it's a light  
will make you see what's wrong and right  
switch it on yeah switch it on

'cos I'd like that it makes me feel safe  
and I'll touch the truth in your patient embrace  
I'll breathe you in  
I'll like that I taste  
it's me and it's you  
it's me and it's you

you can take a chance like me  
love's a dream you cannot wake from  
you can take a chance like me  
or love's a game you play until you've won

you can take a chance like me

love's a dream you cannot wake from  
you can take a chance like me  
or love's a game you play until you've won

you can take a chance like me  
love's a dream you cannot wake from  
you can take a chance like me  
or love's a game you play until you've won

love's a dream you cannot wake from  
love's a dream you cannot wake from

love's a dream you cannot wake from  
or love's a game you play until you've won
