(yeah-oooh-yeah, yeah-oooh-yeah)
(oooooooh)

through the open window
watching you
watching me
moving too slow
needing to know
what you're wanting to see

but I'll tell you what it's like
if I let you take a bite
my body's sleepless tonight
and tomorrow it'll be light
show me

so baby lets fly
just you and I
so baby lets go
with the feelings we know
voices saying stay
the doubts will fade away
so baby lets fly
into the sunlight
(baby lets fly)
(yeah-oooh-yeah, yeah-oooh-yeah)
(baby lets fly)

I have no secrets
want you to come into my room
no need to justify
no need to tell a lie
this time will pass too soon

but I'll tell you what it's like
if you let me take a bite
my body's sleepless tonight
and tomorrow it'll be light
show me

so baby lets fly

just you and I
so baby lets go
with the feelings we know
voices saying stay
the doubts will fade away
so baby lets fly
into the sunlight

(yeah-oooh-yeah, yeah-oooh-yeah)
(oooooooh)

(yeah-oooh-yeah, yeah-oooh-yeah)
(oooooooh)

so baby lets fly
just you and I
so baby lets go
with the feelings we know
voices saying stay
the doubts will fade away
so baby lets fly
into the sunlight

so baby lets fly
into the sunlight

(fading)

so baby lets fly
into the sunlight

so baby lets fly
into the sunlight

so baby lets fly
into the sunlight

so baby lets fly
into the sunlight
