New morning  
Dark skies  
Endless canyons  
That once were your eyes  
You're such a sad one  
Yeah I'm movin on  
Somewhere beautiful  
Where nothing goes wrong

I guess you wonder  
If I'll call  
Will you hear me  
When your skin crawls  
You're such a sad one  
Yeah I'm movin on

Somewhere beautiful  
Where nothing goes wrong

In heaven in the arms of the one  
Saphire shadows  
I guess that it's done  
You're such a sad one  
Yeah I'm movin on  
Somewhere beautiful  
Where nothing goes wrong

So beautiful  
Somewhere beautiful  
Maybe I'm wrong
