I'm standing on my mother
In pale shades of green
Renegades
Castaways
Mortal sympathies
Abraham the angels
Sultry company
Painting sailors
Flowing over me

Sweet long corruption
Rays of bloody industry
Ghost days
Bride of christ beneath my feet
Smile as the day begins
Wake up little one
Wipe the sleep from your head
Come and see the sun

Sweet long corruption
Rays of bloody industry
Ghost days
Bride of christ beneath my feet
