[Music: Roderer/Schwarz/Klasen/Scharf]

[Lyrics: Krull]

I left cocaine - going insane  
My first time - I want to try

I lock the door - I'm really sure  
Now I'm alone - the needle in my skin

Defeated intellect - I lost my mind  
I know all dangers - but I need more  
I inject - now it's too late  
Fantastic feelings - coming to ecstasy

Lying in the room - she closes her eyes  
Fast raving blood - in her veins  
Falling apart - total dilirium  
Point of no return - shall overcome

[Lead: Roderer]

There is no serious reason  
To give up my decision  
I live my life today  
I give a shit on any corollary

Step by step you go on,  
Leave your life in death's hand

Your body is shaking, freezing, perspiring  
Opening your eyes, having reveries  
Walls look like ice, cold and glinting  
The shining sun, reflected lights  
Senseless thoughts, nameless words  
You cannot act, you have no will  
Controlled by poison, suddenly you scream  
Father returns: "Get on your knees!"

[Lead: Roderer]

Breathing heavily - oppressive atmosphere  
Whispering voices - in your ears

Having red eyeballs - and a dry tongue  
Attack of giddiness - head is going round

People on the street - walk, rush and speak  
Eat, drink, consume - money takes control

They don't care - about you  
No time to think - no help for you
