

Atrocity "Deliverance"

Frozen minded out of the ashes
See my face in the dust
Manic structures, human madness
Apocalyptic trance

The battle rages from day to day
Endless night begins
Darkened landscape, left behind
Saturated with blood

All life is lost in misery
Upon the earth storm rages on
Into nothingness crimson rain covers the earth
Impure mankind perished in pain but still raising the
dead

Wasted genius and wasted land
How great was your gain?
The answer is self-importance
Never ask for forgiveness

All life is lost in misery
No one cares when the reaper laughs
Into my world I guide your life to eternity
Sorrow and sadness, pain is the law, love is the crime

Deliverance, deliverance
Deliverance, deliverance

Depth of terror, depth of horror
Lost Eden pays its price
Purveyor of distress, from the abyss
Thy will be done

Impure mankind, the lost chapter is over now
Into nothingness, nothing is gained, nothing is earned

Deliverance, deliverance
Deliverance, deliverance

Come to my world, deliverance
Come to my world, deliverance from mankind, alright

The battle of the masses
Rages day and night
Earth reduced to ashes
The fire that burned the eyes

And I saw a new heaven
I saw a new earth
This place won't be given
For a second impure birth

Deliverance, deliverance

Come to my world, deliverance
Come to my world, deliverance

Deliverance, deliverance
Deliverance from mankind
