Degenerate

We are degeneration
Your downfall is our aim
We suck your brain
We bring you pain

We are desperation
Leading your son to slaughter
Common grave diggers, mass-murderers
Fellow travelers, a self destructive point of view

We drink your blood
We eat your heart

We are, we are, we are
We are degeneration
We are degeneration

We are transfiguration
This planet won't survive
Decadent morality, malicious insanity
Beneath dignity, a self destructive point of view

We suck your brain
We bring you pain

We are, we are, we are
We are degeneration
We are degeneration
We are degeneration

Degenerate

We suck your brain
We bring you pain
We drink your blood
We eat your heart

We are, we are, we are
We are degeneration
We are degeneration

We are degeneration
We are degeneration
