It only takes 2 hours by plane
If you drive you can make it in a day
Just think, baby, if we met halfway
They say the miles will tear us apart
But they don't know how wrong they are
For us, forever just isn't that far

I will wait for you
Through the lonely hours
Where you are wont change the way I feel
All my heart's with you
You don't have to worry
This emptiness is something only you can fill
I will wait for you
Will you wait for me?
Say you will, say you will, say you will
Say you will

When you're scared and you think we could fall
When it feels like we just might lose it all
Listen to your heart, baby
Before you build that wall
I will wait for you
Through the lonely hours
Where you are wont change the way I feel
All my heart's with you
You don't have to worry
This emptiness is something only you can fill
I will wait for you
Will you wait for me?
Say you will, say you will, say you will
Say you will

When you've been missing me a little too long
Baby, be strong

I will wait for you
Through the lonely hours
Where you are wont change the way I feel
All my heart's with you
Baby, don't you worry
This emptiness is something only you can fill

I will wait for you
Will you wait for me?
Say you will, say you will, say you will
Say you will
