When the rains, they pours
Life can be so lonely
But the faith of the storm
Makes the way less heavy
This life can seem so unfair but who cares
If I can rise up then I will get there

Cause I'm looking for a place to call my own
I'm looking for a house to make a home
I'm looking for seat upon a throne
I'm looking for a place to call my own

The hardest place to go
Is where I've never gone before
It takes a brave, brave soul
But it makes you much stronger

Now I feel so alive and there's no more cry
I chose to rise up and there's no deny

That I've finally find a place to call my own

I finally find a house to make a home
I finally took a seat upon a throne
And now I have a place to call my own

So many people
They try to make you
Make you believe that
You're nothing without them, no
Don't you believe it
Not for a minute
You gotta show love
This is the way!

Now I have a place to call my own
Now I have a house to make a home
Now I have a seat upon a throne
Cause now I have a place to call my own

I didn't bother about a thing

I'll never worry about a thing
