Lately when I look into your eyes  
Baby I fly, you're the only one I need in my life  
Baby, I just don't know how to describe  
How lovely you make me feel inside

You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies  
You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies

It seems like the likely thing  
From the start you told me, I would be your queen  
But never had I imagined such a feeling  
Joy is what you bring, I wanna give you everything

You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies  
You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies

You and I are destiny  
I know that you were made for me  
I can't control it, it driven me  
It's taken over me and I

You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies  
You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies

You give me butterflies  
Have me flyin' so high in the sky  
I can't control, I can't control it  
You give me butterflies  
Have me flyin' so high in the sky  
I can't control the butterflies

You give me something I just cant deny  
Something that's so free  
I just can't control the way I feel  
And I don't want to be  
You give me something I just can't deny  
Something that's so free  
I just can't control the way I feel  
Oh, I never felt like this
