[Intro]

Yeah, it's crazy, it's crazy
Come on, come on yeah
I wanna tell you really
Oh yeah, wanna know yeah
I wanna know yeah

[Alicia Keys]

Hey baby how you doing tonight
I wanna let you know, I wanna tell you just how I feel
I wanna love you baby and it's going so right
I wanna burn a candle, turn the darkness to the light
With the fire we make, it's getting hotter and hotter
Like a moth to a flame, I can't stay away
From the fire we make, it's getting higher and higher
Like the night to the day
I can't stay away, no no no... stay away

[Maxwell]

Hi baby, won't you tell me the truth
You wanna be the one, you can't stay away
Oh, hey darling, don't you make no excuse
We can chase this on and burn the hole inside you
From the fire we make it's getting hotter and hotter
Like a moth to a flame, I can't stay away
With the fire we make it's getting higher and higher
Like the night to the day
I can't stay, I can't stay away

[Alicia Keys + Maxwell]

This invincible ... and it takes us to the stars
It's getting higher and higher
It's the fire we make, it's the fire we make
Getting sweeter and sweeter
Like a night to a day
About to make up this flame
I can't stay away, say is, no no...
Can't stay away, no no no...

I wanna tell you, I wanna love you
I just wanna stay with you

I can't be done, and I just can't stay away
I wanna make some much fire with you baby
I wanna go, gonna go to you darling, ah
I say yeah yeah
