He Got up and Go:

It was six a.m.

The clock was ringing

To let me no

That Toley was leaving

Chorus:

And I don't think im gunna make it

Because Kayla wants to beat me

And im scared from head to toe

Because he got up and go

He won't be there to save me

Cuz I didn't give him a second chance

He goes out with an eight grader

And he will go with her to the dance

I am just a punk rocker

He was skater punk to me

But now those nicknames are gone

Cuz I am just so slutty

Chorus:

Got up and go

Got up and go

Got up and go

He no longer loves me

Like I do to him

Before he asked Renee out

We thought he liked Kim

He told me I looked like a rat

Because Kayla wants to hit me with a bat

He doesn't want me back, my neighbor is a hoe

And than he got up and go

Chorus:
