Talkin:

Well right now,

Iâ€™m gonna have to go back to another joint

Uh Yeah Uh

Well well well well

Im gonna have to tell yaâ€™ll something

It goes something like this uh

You see, I was gonna start singing right there

But you know (take your time girl)

I decided I wanted to bad dream a little bit

(Talk about it, talk about it)

Cause I donâ€™t appreciate this none love

That im getting

You know im not getting the none love

Letâ€™s do it like this ya know

I keep your picture beside my bed

Alright(Alright)

And I still remember,

Every little thing said

Alright(Alright)

Always thought that maybe baby

Our love was so rare I guess I was wrong

Can yaâ€™ll say: All wrong

(All wrong)

Always thought youâ€™d be by my side

But papa baby but now youâ€™re gone

I donâ€™t know, im not liking that

You know what im sayin

All I wanna know baby is

If what we had was good

And say,

How come you donâ€™t call meâ€™... ooo â€™... anymore

baby?

You know what im sayin..ahhh

Anymore

Iâ€™m gonna have to take this to the bridge

Iâ€™m so mad

Some times it feels like
Iâ€™m gonna die
If you donâ€™t call me father
Oooo.. you got to try it
Ill get down in my knees
Hoping you please
Please (x6)
Wonâ€™t ya call me sometime papa

You know im tryin to understand
Whatâ€™s taking this man so long
You know what I mean
Just pick up the phone and call me

Let me hear yaâ€™ll say, just say
Call me: (Call me)
Say call me: call me(x7)
Ahhhh.. call me baby (call me baby)
Call me call me baby, call me anymore
Let me hold back (hahaha)

All I wanna know baby is
If what we had was good
And say: How come you donâ€™t call me

(silence)

Oh Iâ€™m gonna need a towel up here
All I wanna know baby
If what we had was good and say:
How come you donâ€™t call me
Oooohhh! I want you to call me
How come you donâ€™t call me

I know that you want me
I know that you need me
(how come you donâ€™t call me)

Baaaaaaaaaaaaaaaaaabe
Baby how come you donâ€™t wanna call me
Anymoooooore

Yeah, you know what I mean
This guy(hahaha)
