If i was your woman and u were man, you would have
no other woman
you'd be weak as a lamb.
If you had the strength to walk out my door, my love
would over-rule
my sense and i'd call u back for more.

If i was ur woman(2) and you were my man, yeaah.

she had u down darling, says ur nothing at all, but i'll
pick u up darling
where she let you fall cause ur like a diamond but she
treats you like
glass, yet you beg her to love you from me you wont
ask.

(chorus) if i were you woman(2), say if i was your
woman, here's what
i'd do (what would u do?) i'd never, never, never no no
stop lovin you
yeah

Life is so crazy and Love is unkind, because she was
first darling will
she hang on your mind,your a part of me but you dont
even know it, i'm
what u need but i'm too afarid to show it (repeat
chorus)

If i were your woman (5)
