He broke my heart  
And now it's raining  
Just to rub it in  
I'm at your door  
I feel so crazy about it  
You'll say "I told you so"  
You saw it long ago  
You knew he had to go  
I finally came round  
I'm back on solid ground  
Can't let it get me down

It's alright  
It's alright  
It's alright

Yes, I was burned but  
I call it a lesson learned  
Mistake overturned  
So I call it a lesson learned  
My soul has returned  
So I call it a lesson learned  
Another lesson learned

Sometimes some lies  
Can take a minute  
To fully realize  
His eyes, your tears  
Thirty seconds to apologize  
You give it one more chance  
Just like the time before  
But he already knew  
You'd give a hundred more  
Until that night in bed  
You wake up in a sweat  
You're racing to the door  
Can't take it anymore

I was burned but  
I call it a lesson learned  
Mistake overturned

So I call it a lesson learned  
My soul has returned  
So I call it a lesson learned  
Another lesson learned

Life perfect  
Ain't perfect  
If you don't know what  
The struggle's for  
Falling down  
Ain't falling down  
If you don't cry when  
You hit the floor  
It's called the past  
Cause I'm getting past  
And I ain't nothing  
Like I was before  
You ought to see me now

Yes, I was burned but  
I call it a lesson learned  
Mistake overturned  
So I call it a lesson learned  
My soul has returned  
So I call it a lesson learned  
Another lesson learned

Yes, I was burned but  
I call it a lesson learned  
Mistake overturned  
So I call it a lesson learned  
My soul has returned  
So I call it a lesson learned  
Another lesson learned
