(feat. John Mayer)

He broke my heart
And now it's raining
Just to rub it in
I'm at your door
I feel so crazy about it
You'll say I told you so
You saw it long ago
You knew he had to go
I finally came 'round
I'm back on solid ground
Can't let it get me down

It's alright
It's alright
It's alright

Yes I was burned but I called it a lesson learned
Mistake overturned
So I call it a lesson learned
My soul has returned
So I call it a lesson learned
Another lesson learned

Sometimes
Some lies
Can take a minute
To fully realize
His tears
Your eyes
Thirty seconds to apologize
You give it one more chance
Just like the time before
But he already know you'd give a hundred more
Until that night in bed
You wake up in a sweat
You're racing to the door
Can't take it anymore
I was burned but I called it a lesson learned
Mistake overturned
So I call it a lesson learned

My soul has returned
So I call it a lesson learned
Another lesson learned

Life perfect
Ain't perfect
If you don't know what the struggle's for
Falling down ain't falling down
If you don't cry when you hit the floor
It's called the past cause I'm getting past
And I ain't nothing like I was before
You ought to see me now

Yes I was burned but I called it a lesson learned
Mistake overturned
So I call it a lesson learned
My soul has returned
So I call it a lesson learned
Another lesson learned

Yes I was burned but I called it a lesson learned
Mistake overturned
So I call it a lesson learned
My soul has returned
So I call it a lesson learned
Another lesson learned
