Oooh...

Who really cares?(2x)  
When I talk  
What I feel  
What I say...  
Nobody Not Really.

Who wants to take,  
The time to understand?  
I would like, someone to heal me wit some empathy  
I can't find...  
Nobody Not Really.

Maybe I'm invisible, to the world.  
Does anyone in the world, even think of me?

As more than just a hopeless cause?  
Maybe the world is,not my block.  
My stoop.  
My life.  
My dreams.  
My anything.  
Anything...

Who wants to help?  
Mama...but she's so tired  
Papa...but your not here  
I'm alone in a big empty space with...  
Nobody Not Really.

Oooh...
