Featuring: Alicia Keys, Eve

When I wake up in the morning baby
Can't believe my eyes
They say this a little part of destiny, cause you're now
in my life (now in my life)
There aint no better prize
Can compare to you
Ain't no words to describe the way that I'm feeling,
yeah
When I look at you

I'm just speechless baby, don't know what to say
I'm just speechless baby, the poet in me has gone away
I'm just speechless baby, don't know what to say
I just speechless baby, the poet in me has gone away,
yeah, yeah

True love finally found you baby
Life becomes a way
Prettiest thing imaginal, oh yea
Listen now when I say
It only happens once if even at all
Feel it deep in your soul
And like a fairy tale your story begins
What a sight to behold

I'm just speechless baby, don't know what to say
I'm just speechless baby, the poet in me has gone away
I'm just speechless baby, don't know what to say
I just speechless baby, the poet in me has gone away,
yeah, yeah

Hey yeah, in the mornings when I rise up
Go to the window and I smile with my eyes up
Staring at clouds like wow look at my luck
Every day I'm feeling better cause I know I got the best
I can be proud of
We cant fall quick, remember when I used to tell my
girls like yo this dude thinks he's so it, think he's so fly
And e'rytime you try to talk to me I'm like yo, don't even
dare try
I was on my solo groove, I ain't want nothing, I ain't

need nothing

Man I'm good, now I'm speechless, cause I fell for 'em,
the poet in me died cause I fell for 'em

I'm just speechless baby, don't know what to say
I'm just speechless baby, the poet in me has gone away
I'm just speechless baby, don't know what to say
I just speechless baby, the poet in me has gone away,
yeah, yeah

I used to know all the words to say, I used to write all
the poetry
But now you take my breath away, hahaha, hey.
