Get so caught up everyday
Tryna Keep it all together
While the time just slips away
See, I know nothing last forever

Imagine there was no tomorrow
Imagine that I couldn't see your face
There'd be no limit to my sorrow
So all I can say

I wanna tell you something
Give you something
Show you in so many ways
'Cause it would all mean nothing
If I don't say something
Before it all blows away

Don't wanna wait to bring you flowers
Wait another hour
Let alone another day
I wanna tell you something
Show you something
Won't wait till it's to late

I can't wait
I won't wait
I don't wanna wait

I can't wait
I won't wait
I don't wanna wait

Just a simple conversation
Just a moment is all it takes
I wanna be here just to listen
(I wanna be here)
And I don't wanna hesitate

Imagine there was no tomorrow
Imagine that I couldn't see your face
There'd be no limit to my sorrow
'Cause there is nothing that could fill that space

Ohh, did I put it off for too long?
I didn't say all that I have to say
I wanna take the time to write the wrong
Before we get to that place

I wanna tell you something
Give you something
Show you in so many ways
'Cause it would all mean nothing
If I don't say something
Before it all blows away

Don't wanna wait to bring you flowers
Wait another hour
Let alone another day
I wanna tell you something
Show you something
Won't wait till it's too late

Just lean on
My shoulder
It's not over till it's over
Don't worry about it
Cause I'm gonna
Make sure our bond gets stronger yeah
I, don't wanna wait until the storm
When something's wrong and now you're gone
And I can't find you

I wanna tell you something
Give you something
Show you in so many ways
'Cause it would all mean nothing
If I don't say something
Before it all blows away

Don't wanna wait to bring you flowers
Wait another hour
Let alone another day
I wanna tell you something
Show you something
Won't wait till it's too late
