Love

Love will come find you
Just to remind you
Of who you are

Oh love

It will forsake you
Threaten to break you
Take what you got

Everybody laughs
Everybody cries
Sure it could hurt you baby
But give it a little try
See that's the thing about love

Friends

Sometimes will blind you
Sneak up behind you
You cant give enough

Then life

It will embrace you
Totally amaze you
So you don't give up

Everybody laughs
Everybody cries
Sure it could hurt you baby

But give it a little try
See that's the thing about love
Don't tell me that I'm not the only that's going through it
all
Oh sometimes I feel like I'm the only that's going
through it all
But its time
Oh its time
For me to shine
Hey
Its my time
Oh its time

For me to shine

Its my time

Said its my time

For me to shine

Its my time

Its bout time

For me to shine

Everybody laughs

Everybody cries

Sure it could hurt u baby

But give it a little try

That's the thing about love

That's the thing about love

That's the thing about

That's the thing about love
