Even if you were a million miles away  
I could still feel you in my bed  
Near me, touch me, feel me  
And even at the bottom of the sea  
I could still hear inside my head  
Tellin' me, touch me, feel me

And all the time you were tellin' me lies

So tonight, I'm gonna find a way to make it without you  
Tonight I'm gonna find a way to make it without you  
I'm gonna hold on to the times we had tonight  
I'm gonna find a way to make it without you

Have you ever tried sleeping with a broken heart?  
Well, you could try sleeping in my bed

Lonely, on me nobody ever shut (?) it down like you  
You want a crown  
You made my body feel heaven bound  
Why don't you hold me  
Near me, I thought you told me  
You'd never leave me

Looking in the sky I could see your face  
And I know right where I fit in

Take me, make me, you know that I'll always be in love  
With you  
Right til the end OOh

So tonight, I'm gonna find a way to make it without you  
Tonight I'm gonna find a way to make it without you  
I'm gonna hold on to the times we had tonight  
I'm gonna find a way to make it without you

Anybody could've told you right from the start  
It's bound (?) to fall apart  
So rather than hold on to a broken dream  
We'll just hold on to love

And I could find a way to make it

Don't hold on too tight  
I'll make it without you tonight

So tonight, I'm gonna find a way to make it without you  
Tonight I'm gonna find a way to make it without you  
I'm gonna hold on to the times we had tonight  
I'm gonna find a way to make it without you
