When the wind is blowin' in your face
sometimes in life you don't see straight
Pray to Him
He will show

When your head is in a certain place
Nobody around to make you safe
Stand strong and you will grow

oooooooooooooooo
wait till you see my smile
oooooooooooooooo
wait till they see your smile

don't they love to see you down
kick you while you're on the ground
don't let emotions show

people always speculate
don't let it get in your way
see they say things they don't know
Sing

oooooooooooooooo
wait till you see my smile
oooooooooooooooo
wait till they see your smile

Hey
So you doing much better now
Everybody comes around
but you don't really need 'em
'Cause you're stronger and your better
And you're ready for whatever
Sing

oooooooooooooooo
wait till you see my smile
oooooooooooooooo
wait till they see your smile

oooooooooooooooo
wait till you see my smile
oooooooooooooooo
wait till they see your smile
