Verse 1

There's no other way
That I would want someone to hold me, show me like
you
Falling in a daze
So many ways, I'm in amazement
Thinking of you
No one took the time
To hold my mind, and be the kind
That I could talk to
THIS is the type of day
THat I must say, I've been looking forward to

B Section

Look at me shedding no tears
No worries followed by fear
So good that soon you'll be here
They just don't know
HOW good it feels

C Section

Feel so good to not be searching
Searching just to find that someone
Feels so good to not be Searching
Knowing that I found that right one

Chorus

I'm waiting for your love
Waiting for your love
I'm waiting for your love
Waiting for your lofe

Verse 2

Talking on the phone
WHen I'm alone, I'm in the zone
And tempted to touch you
Nothing ever fades
The way you take time for me
It makes me want you
Call it what you want
It may be wrong, but baby I'm your fool
I can verify, that you're my type THE things we try that

others just wont do
