Intro:

Oh, Uh

Yeah

Oh

Kay. Huh

Let's take it back a little bit

You know, it's not that it's not good now

Just remembering how, huh

But let me tell ya

Let's go back in time

When seeing your ID on mine

Made me crazy

Oh baby I'm saying

Let's go back there(Go Back There)

Let's take it there(Take It There)

I'm talking bout

Back in time

When you wanted to know my every move

Tired to keep it smooth

Keepin' up with me

You drove me crazy oh baby

Let's go back there(Go Back There)

Let's take it there(Take It There)

When you

Didn't know me

Didn't need me

Wanted to touch me

Couldn't leave me

I couldn't know how

Far it would go

I couldn't know if

This was for sure

We just could not

We just could not get enough of it baby , let's go

Chorus

Have that wreckless love

That crazy love
That off the wall won't stop 'til I get enough kind of love
I need that love
So baby, let's go

Have that wreckless love
That crazy love
That I don't really care
We can have it anywhere
Kind of love
That wreckless love
Mmmmâ€!

Let's go back in time
When our kiss was brand new (Oooh)
An adventure not perfected
A little hesitant

Let's go back there(Go Back There)
Let's take it there(Take It There)

Oooh Baby Now
Take it back in time
When forever was a minute, and eternity was a second
I'm stressing that we have to go back there (Go Back
There)
Let's take it there.(Take It There)

When you
Didn't know me
Didn't need me
Wanted to touch me
Couldn't leave me
I couldn't know how
Far it would go
I couldn't know if
This was for sure
We just could not
We just could not get enough of it baby , let's go

Chorus
Have that wreckless love
That crazy love
That off the wall won't stop 'til I get enough kind of love
I need that love
So baby, let's go

Have that wreckless love
That crazy love
That I don't really care
We can have it anywhere

Kind of love
That wreckless love

Ooh baby, let's go

Chorus
Have that wreckless love
That crazy love
That off the wall won't stop 'til I get enough kind of love
I need that love
So baby, let's go

Have that wreckless love
That crazy love
That I don't really care
We can have it anywhere
Kind of love

That wreckless love
Mmmmmmm!
