If there's nothing left to give in at the edge
We've been at this point time and time over again

I see there's no making you understand
No, I don't wanna pretend
Cause we know it's the end
This won't be easy.

But I'm gonna be okay
You can bet I'm gonna find my way

No I don't wanna make a try to change
We both know that so why, should we stay
I'm gonna fix it today

There aint no you
There aint no us
There aint no maybe someday

There aint no love
There aint no trust
This time I'm gettin' it my way

There aint no right
There aint no wrong
There aint no words left to say
There aint no turn
The thing is were done
This time I'm gettin' it my way

Eh eh my way
Eh eh this time I'm gettin' it my way my way
Eh eh my way
Eh eh this time I'm gettin' it my way

It's only right to do what's best for me,
And the last thing I want us to be is enemies... yeah

That dot our I's and cross our final t's,
No matter how it hurts you,
If we can't make it work, let's part ways in peace

But I'm gonna be okay
You can bet I'm gonna find my way

No I don't wanna make a try to change
We both know that so why, should we stay
I'm gonna fix it today

There aint no you
There aint no us
There aint no maybe someday

There aint no love
There aint no trust
This time I'm gettin' it my way

There aint no right
There aint no wrong
There aint no words left to say

There aint no turn
The thing is were done
This time I'm gettin' it my way

Were on the same page so,
I gotta do it my way
I took all I can take as much as I waited
Really can't hate it

I'm so ready to start over
And brush the past off my shoulder
And to take my last years
Get back what I missed
After doin' things I'm gonna do it my way

There aint no you
There aint no us
There aint no maybe someday

There aint no love
There aint no trust
This time I'm gettin' it my way

There aint no right
There aint no wrong
There aint no words left to say

There aint no turn
The thing is were done
This time I'm gettin' it my way

Ehehe my way... ehehe... this time I'm gettin' it my way

Ehehe my way... ehehe... this time I'm gettin' it my way
Eh eh heh... eh eh eh huh... eh eh eh
