Here we are in a room full of light and strangers
I try to be on my best behaviour
Falling in love is the last thing in my mind
Standing close to a door, I hear sounds of pleasure
I feel a rush as my hands draw closer
Starting to feel that someone's got a hold in me

And I don't know where it's coming from
Boy but you turn me on
And I'm out of air when I see you
Standing here watching you
Nothing that I can do
Takes my breath away, drives me crazy
I need oxygen
Oxygen, oxygen oxygen

There's no way back I'm electrified
And I completely lose track of time
'cause the clock just stops and I can't get enough of
you
Wanna breathe you in, wanna feel your skin
Wanna lose myself in this temptation
There's nothin' that I can do, to keep me away from you

And I don't know where it's coming from
Boy but you turn me on
And I'm out of air when I see you
Standing here watching you
Nothing that I can do
Takes my breath away, drives me crazy
I need oxygen
Oxygen, oxygen oxygen

When I see you, I can't breathe you
Makes me feel so high

And I don't know where it's coming from
Boy but you turn me on
And I'm out of air when I see you
Standing here watching you
Nothing that I can do

Takes my breath away, drives me crazy
I need oxygen
Oxygen, oxygen oxygen
