He takes you home and turns on the video
You sit on the sofa he moves on like a pro
Says he likes the dress you're wearin'
Ooh and he's so warm and caring
But you know what's really on his mind

Boys will be boys
They just wanna play
Boys will be boys
'Cause girls like it that way

Sometimes he wears t-shirts and cuts them above the waist
He flexes his muscles to give the girls just a taste
When he's alone with you
Ooh, he knows just what to do
He steals your heart with just a smile

REPEAT CHORUS

When he's alone with you
Ooh, he knows just what to do
He steals your heart with just a smile

REPEAT CHORUS

Steals your heart?
Just one smile?
Ooh ooh ooh
Steals your heart?
Just one smile?
Ooh ooh ooh

REPEAT CHORUS TO FADE
