You and me, we're eye-to-eye
Looks so familiar like I've known you all my life
Ain't it true so easy sometimes
One shy look tells us everything we both wanna try

Save a little love for me to-
Save a little love for me tonight
Save a little love for me to-
Save a little love for me tonight

Why don't you save me some love
Save me some love for tonight
No, we won't use it up
If we handle it right (Oh baby)
Why don't you save me some love for tonight
Though our heartbeats, they rush
We can take our sweet time

Standing still on the brink we are
Near enough to touch close enough to go too far
Take it slow, don't move too fast
Don't wanna spend too much of something we both
want to last

Save a little love for me to-
Save a little love for me tonight
Save a little love for me to-
Save a little love for me tonight

REPEAT CHORUS

We are two forces you can't keep apart every night
And baby I, I know it's lovin' too strong
That we both feel wherever we are

Save a little love for me to-
Save a little love for me tonight
Save a little love for me to-
Save a little love for me tonight

REPEAT CHORUS TO FADE
