It's too bad not to know

I don't know I hurt you so - baby

Talk to me.

I shall say I like you wait

Baby

Please don't hesitate - baby

Talk to me.

You never try to talk your feelings through

Communications start from me to you.

We have to talk it through and clear the air

We've got to talk to show the love we share.

Baby

Talk - we can work it out

Baby

Talk - I know without a doubt

Baby

Talk - we can work: it out - baby

Talk.

Baby

Please talk to me

Can't you see I have the need -

Baby

Talk to me.

We can see all this through

Talk will help both

Me and you -

Baby

Talk to me.

It's hard to tell when things are going wrong

We'll have to talk them out before too long.

So honey

Let's not throw our love away

Let's try to work it out before too late.

Baby
Talk - we can work it out
...

You don't have to worry
Baby
You don't have to fear

Tell me all the things you feel
Then that will make you care.
You just need to tell me
Baby
What I mean to say

I need to let you love me
Baby
In that special way.

You just need to tell me
Baby
What I mean to say

I need to let you love me
Baby
In that special way.
