Psst, I've got a secret to tell

I'll let you into my secret

I'll let you into my secret

Can you keep it, keep it up
When you get to the
Heart of the mystery
Can you keep it when you see
Why a treasure is buried in secrecy

I'll be waiting to let it go
It's been building up
For such a long time
Are you ready, do you know
It's time for me to open your eyes

I'll let you into my secret
If you're in, you could never get out
I'll let you into my secret
Give the whispers something
To shout about

Can you keep it, keep it up
When I whisper in
The dead of the night
Can you keep it when you feel
All the secrets you're bringing to life

Revelation is the proof
You're the only one I want to know
Intonation, it's the truth
And it's so hot, you'll never let go

I'll let you into my secret
It keeps getting harder to hide
I'll let you into my secret
Cause I can't keep a secret
My double might

Keep coming closer

Cause I'm dying to tell you
Why'd I keep it to myself so long
Keep coming closer
Cause the urge to tell you
Is burning me up, ooh
It's so strong

Into my secret (strong)
Into my secret

Keep coming closer
I can only whisper
You know I don't want
No one else to know

Keep coming closer
You're the only one
That I can trust to
Believe it's true

I'll let you into my secret
I'll let you into my secret
I'll let you into my secret
It keeps getting harder to hide
I'll let you into my secret
Cause I can't keep a secret
My double might

I'll let you into my secret
If you're in, you could never get out
I'll let you into my secret
Give the whispers something
To shout about

I'll let you into my secret
It keeps getting harder to hide
I'll let you into my secret...
