Train Came Along and I jumped on board
Tracks take me away as far as you will go
Lifetime of memories flash before me drive me wild
The way life used to be when I was a child
The way life used to be when I was a child

I try to read but memories pop into my head
I try to sleep but I'm daydreaming instead
The rhythm of the tracks and the whistle of the wind
I turn around I'm Heading Home again

I can't go not for long
It's my home, I belong
I travel far and see the sights
But I'm heading home again tonight

I walk the wire but I wont look down
Life goes on, life goes round
Even when the train is taking me away
A piece of my heart will always stay
A piece of my heart will always stay

I can't go not for long
It's my home, I belong
I travel far and see the sights
But I'm heading home again tonight

I can't go not for long
It's my home, I belong
I travel far and see the sights
But I'm heading home again tonight

And I'm taking my heart home again tonight
