

## Atrox "Wave"

Visit "[Wave](#)" on MotoLyrics.com

Waves wander the sea

Millenium mirrors reflect

Disappearing without a trace

When time was restrained to descent

The ocean disappeared

and vast deserts

They were revealed

We sank into the desert

The Dreamking and I.....

I Died.... I Died....

And we became one

I left my mortal coil

there in the desert

As we sank desert

We were reborn.....

We wander the sea

All but one

All but one

All but one
